### PURELITE<sup>®</sup> 27.5

The Next Generation in Workstation Task Lighting and Air Purification

*Designed to improve Worker Efficiency, Comfort and Health in Office Workstations!*

Panels and partitions can impede the air flow from the buildings HVAC system. Purelite<sup>®</sup> 27.5 improves air circulation, helps eliminate localized hot and cold "pockets" and lessens HVAC costs. High-efficiency tri-filtration system of activated carbon, passive electrostatic and polyester media removes dust, smoke, ozone, allergens and odors from the air.

- Antimicrobial treatment inhibits bacteria, mold and fungus on contact.
- 48 DBA of sound masking within the workstation helps to increase efficiency.
- Energy Efficient 70 CFM fan runs on only 0.2 amps.
- High-quality diffused lighting helps improve worker efficiency.
- Specular reflector increases light level for the same energy dollar.
- Mounts with universal brackets (included) under virtually any shelf or overhead storage cabinet.
- EPA "Green Lights" Ally.
- Dimensions: 2¾" x 11¼" x 27½"
